

ALADYR

2023 INTERNATIONAL OLYMPICS 4TH EDITION

SPONSORS :

TORAY
Innovation by Chemistry

We launched the ALADYR WATER OLYMPICS in 2020, an initiative that aims to disseminate knowledge about Desalination, Reuse, and Treatment of Water and Effluents to students from elementary to high school, to create initial experiences for the appreciation of water resources and their efficient management based on the technologies promoted by the Association. So far, we have brought together over 10,700 children from Argentina, Brazil, Bolivia, Chile, Colombia, Costa Rica, Ecuador, Honduras, Mexico, Panama, and Peru.

JOIN THE 4TH EDITION OF THE INTERNATIONAL WATER OLYMPICS 2023:

Our Water Olympics - 2023 International Edition will feature four (04) online sessions throughout two (2) weeks, starting on May 09, 2023, and ending on May 17, 2023. The participants' age range will be between 10 and 14 years old.

Topics:

Water footprint and water quality - **MAY 9, 2023**

Water reuse - **MAY 10, 2023**

Water Desalination - **MAY 16, 2023**

Getting water to our homes - **MAY 17, 2023**

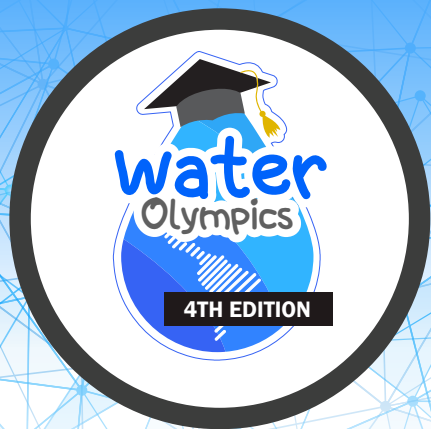

Trivia section:

At the end of each session, we will conduct a trivia section to assess the children's learning on the topic. Each time we will announce the first, second, and third place for the children who answered the trivia correctly and the fastest.

Awards:

- Students who come in first, second, and third place each day will receive a certificate of appreciation. They will also appear in the issue of our digital Magazine "AGUAS LATINOAMÉRICA" as the winners of the "2023 ALADYR WATER OLYMPICS", and they will have a featured place in our social networks and website.
- The 1st place winner of each session will also receive an award for participating.

SPONSORS :

CONDITIONS:

- All sessions will be ONLINE via ZOOM. One week before the activity, we will share the connection link to the teacher's email in the registration form.
- All sessions will be at 9 am (Colombia/Peru time) - 10 am (Chile time) - 11 am (Argentina time).
- The school is responsible for notifying and obtaining the agreement of parents or guardians regarding their child's or dependent's participation in the activity.
- The total duration of each webinar will be one (1) hour and thirty (30) minutes (1 hour for the presentation of the topic + 30 minutes for questions, trivia, and awards).
- As part of the activity, we will share the session material with the teachers once the Olympiad day is over.
- Participants can connect to the session as a group or individually for the convenience of each school.
- The school may enroll as many students as desired who are between the age range of participation (between 10 and 14 years old), or they may select groups based on the educational needs of the school calendar.
- The deadline for the registration of the school and students is Friday, March 24, 2023. **PLEASE CONFIRM YOUR PARTICIPATION AS SOON AS POSSIBLE, PROVIDING THE ESTIMATED NUMBER OF STUDENTS TO BE INCLUDED. WE HAVE LIMITED CAPACITY.**

SPONSORS :

Registration:

- **FIRST PHASE:** If your school wishes to participate in the Water Olympics, please fill out the information in the following LINK and register the requested data:

2023 ALADYR WATER OLYMPICS - INTERNATIONAL EDITION

- **SECOND PHASE:** Once the first phase is completed, we will process your registration and contact your school for the second phase to request student information. Please pay attention to the e-mails and the deadline to complete the registration. The registration is only finalized when both phases have been completed.
